

Collegerama Embedded Videos

To embed a Collegerama movie it is not always as easy as regular videos. This QRC will guide you through these steps on how to embed a Collegerama video. We use as an example a standard blackboard content Item, but it is the same as for other posts or discussion boards within Blackboard.

Within a course go to **Build Content > Create item**

Click on **Embedded video**

1. Content Information

Name

Color of Name Black

Text

Insert/Edit Embedded Media

Getting Started

Build Content | Assessments | Tools

Create	New Page
Item	Content Folder
